Mission Statement: “Transforming our community one child at a time”

Services Provided: “Big Brothers Big Sisters is the largest, most well-known, most researched and measured youth mentoring program in the United States. The heart of our program is a thoroughly screened adult volunteer mentor, known as a “Big”, matched with a child (“Little”) in a relationship that is carefully monitored and supported.

Here in Central California, our local, independent non-profit organization has helped more than 9,500 youth since its inception in 1968. Youth of promise that benefit from extra attention and receive exposure to more life options than may be available in their own surroundings.”
