

CRAIG SCHOOL OF BUSINESS

SERVICE-LEARNING COMMUNITY PARTNER PROFILE

ENCOURAGE TOMORROW

Mission Statement: Encourage Tomorrow's mission is to provide quality educational programs that empower individuals to become resilient, self-sufficient, develop lifelong learning skills and acquire & maintain healthy lifestyles.

Services Provided: We offer various lunchtime and after school programs at a school site or community site. We develop programs to address the needs of the specific site. We also provide tutoring services in the home, school or other community site.

AIM (Achieving Independent Means): The AIM programs are gender and ethnic specific curriculum developed by the California State Department of Education for underserved youth. The programs include cultural issues/awareness, career development, leadership skills, teen pregnancy prevention, suicide prevention/stress management, sexual harassment, self-esteem, goal setting, study skills, decision making skills, health and nutrition, drug, alcohol and tobacco prevention, gang prevention, anger and conflict management.

Mentoring

We provide mentoring programs and training for students and their mentors on a variety of topics including: Role modeling & mentoring, communication, cultural awareness, interpersonal skills, conflict resolution, values, setting goals & planning, problem solving and career development.

Elementary After School Programs

We provide various programs for elementary school children including literacy, math and science programs theatre-based literacy, culture and career awareness. We offer interactive, hands-on programs.
