SERVICE-LEARNING COMMUNITY PARTNER PROFILE

FOOTSTEPS AT SAINT AGNES

Mission Statement: We serve together in Trinity Health, in the spirit of the Gospel, to heal body, mind and spirit, to improve the health of our communities, and to steward the resources entrusted to us.

Services Provided: The **Footsteps** program offers support for children and teens who have experienced difficult life circumstances due to death, divorce, separation, abandonment or foster care. The program is a home grown, award winning, expressive arts curriculum offering a healing bridge for communication between children, parents, grandparents and foster parents whose families are on the unpredictable passageway of grief. Over 4,000 children and their adult caregivers have attended our Footsteps support groups since 1990.
