## SERVICE-LEARNING COMMUNITY PARTNER PROFILE

# Healing for Survivors

**Mission Statement:** Healing for Survivors is a faith-based resource center committed to the healing of men and women who have been physically, emotionally, or sexually abused. To break the cycle of abuse, experience and research shows us that abuse occurs in a cycle and will continue over multiple generations unless steps are taken to resolve and heal from the trauma surrounding the abuse.

**Services Provided:** That individuals and families impacted by abuse in our community would experience the hope and healing they need to *Break the Cycle* of abuse in their own lives and for future generations! For just as abuse is passed down from one generation to the next, HFS believes that healing can also be passed on through the generations.

Our vision is that those who walk through the doors of Healing for Survivors leave with the tools, knowledge, and strength to transform their painful experiences and create a legacy of healing for themselves, their family, and those they touch.
