

**SERVICE-LEARNING COMMUNITY PARTNER PROFILE**

**HOSPICE OF SAINT AGNES**

**Mission Statement:** At St. Agnes Hospital, we commit ourselves to spiritually-centered health care which is rooted in the healing ministry of Jesus. In the spirit of St. Elizabeth Ann Seton, and in collaboration with others, we continually reach out to all people in our community, with a special concern for those who are poor and vulnerable. As a Catholic health care ministry and member of Ascension Health, we are dedicated to the art of healing to sustain and improve the lives of the individuals and communities we serve. We are also called to advocate for a just society. Through our words and deeds, our ministry is provided in an atmosphere of deep respect, love and compassion.

**Services Provided:** Saint Agnes Hospice extends Christ's love to the terminally ill and their families. We recognize that each person is unique and deserving of compassion. Our goal is to meet and serve the needs of individuals, promoting dignity, comfort and peace to enable them to live until they die.
