

# SERVICE-LEARNING COMMUNITY PARTNER PROFILE

## MIGRANT HEAD START

**Mission Statement:** Children Are Our Greatest Resource

**Services Provided:**

**Social Services:** Head Start programs teach families how to find and utilize available local community services and resources enabling them to improve their family's condition and quality of life.

**Health and Disabilities Services:** A broad range of medical, dental and mental health activities are provided to promote sound physical, social and emotional growth and development. Total health screenings are provided for infants, toddlers, and pre-school children. Parent health education teaches families how to assess, seek help and care for their children's health. A recruitment policy reserves 10% of enrollment for children with disabilities
