READING AND BEYOND

**Mission Statement:** “To empower children and families to achieve productive, self-reliant lives.”

**Services provided:** Reading and Beyond reaches out to families at apartment complexes, shopping centers, schools, and community organizations and conducts educational home-visits. At Reading and Beyond, children from families with limited education discover their potential as students, and set new limits and expectations for themselves. And parents learn how they can help their children succeed at school even when they feel academically unprepared to help them.
