SAN JOAQUIN RIVER PARKWAY TRUST

Mission Statement: Our mission is to preserve and restore San Joaquin River lands having ecological, scenic or historic significance, to educate the public on the need for stewardship, to research issues affecting the river, and to promote educational, recreational and agricultural uses consistent with the protection of the river's resources.

Services Provided: River Stewards assist with and/or lead land stewardship projects. Projects might include habitat restoration, exotic species removal, trail maintenance and river clean-up events. Training is provided for each project. As an added benefit, River Stewards are invited on a guided canoe trip designed especially for stewards.
