VALLEY TEEN RANCH

Mission Statement: To assist troubled young people and their families in rebuilding their lives through caring relationships and opportunities to grow mentally, physically, socially and spiritually.

Services Provided: In addition to the services provided for the young men living at the Ranch, we also help place hundreds of other children into loving stable foster homes through our Foster Family Agency (FFA). The FFA was licensed by the State of California, Department of Social Services in 1991. We recruit, train, certify and supervise foster homes for boys and girls, ages 0-17. Children are placed in our home by court order through the County Social Services and Probation Departments. Financial reimbursement, on-going training, social work case management services and extra liability insurance is provided to our foster parents.
