FRESNO ART MUSEUM

**Mission Statement:** To enrich a multicultural community through exhibits and educational programs that emphasizes the modern and contemporary arts.

**Services Provided:** The Fresno Art Museum collects, preserves, and exhibits to the public tangible objects valuable to art and history. Exhibitions include a wide range of contemporary as well as modern works by local, national and international artists. With additional emphasis on Mexican art from pre-Columbian times to the present, and with the planned bequest of significant collections of pre-Columbian ceramics and French post-impressionist graphics, the Museum is working to serve as both an educational facility and a repository for important collections from the Central Valley.
